A GREATER UNIVERSITY.

A Stronger Alumni Association.

A Greater University.

Membership Makes a Difference.

The Nebraska Alumni Association exists to champion the University of Nebraska-Lincoln and its people — past, present, and future — in new and innovative ways, with better and more comprehensive services and opportunities.

Membership support allows us to establish and maintain a comprehensive network of alumni around the country to provide career assistance for current students and alumni looking to change career paths.

Membership supports the establishment of student scholarships through alumni chapters across the country, alumni association matching scholarships, study-abroad grants, and student leadership awards.

Membership supports programs including Huskers for Higher Education, a network that engages alumni across the state in legislative advocacy activities.

Membership supports the preservation and restoration of campus traditions like the single student ring program and annual homecoming festivities.

No matter how you look at it, membership support builds a stronger alumni association and a greater university.

A More Involved Alumni Association Gets Things Done for Students

Be a Part of It. The Nebraska Alumni Association serves current and prospective students, our future alumni, in many ways. In addition to supporting special student events

and granting funds to student organizations, programs like the Cather Circle offer professional development, mentoring, and networking opportunities for distinguished women students and alumnae.

Membership supports the annual **Breakfast for Champions**, a premier recognition event that

brings together outstanding Nebraska eighth graders and their families with noteworthy alumni role models.

Membership supports the **Student Alumni Association**, a student organization dedicated to

providing student-alumni networking opportunities, preserving campus tradition, serving the campus and community at-large, and developing leadership.

Membership supports the **Huskers Away from Home** program, matching out-of-state freshmen with local alumni host families. And

membership sustains the **Scarlet & Cream Singers**, the university's ambassadors of goodwill who have entertained students, alumni and friends for more than 30 years.
